

## Nursery Annual Presentation

### **SNOW WHITE AND THE SEVEN DWARFS**

***“Fairy tales are more than true: not because they tell us that dragons exist, but because they tell us that dragons can be beaten.”***

The annual presentation of Nursery was held on the theme of the fairy tale **“Snow White and the Seven Dwarfs”**. The function commenced with the ceremonial lamp lightening. The tiny tots greeted the guests with a Welcome song and thereafter the audience was entranced into the dream world of this fairy tale. The entire story of Snow White and the seven dwarfs was beautifully interlaced with dance performances and the different scenes were created with props to give the desired effect. The vibrant and colourful costumes added to the beauty of the show. It was a delight to have witnessed the acting talents of the young ones to the best of their ability, their mesmerizing performance of the victory of good over evil. It was truly commendable on the part of the small children to give such an effortless and flawless performance.
