

K.R. MANGALAM WORLD SCHOOL, GK-II
PARENTS' CIRCULAR
Classes Nursery to XII

Date: March 26, 2020

Circular No: KRMGK-II/20-21/006

Dear Parent

Greetings from K.R Mangalam World School, G.K-II As you are aware that the novel coronavirus, COVID-19, continues to impact communities locally and regions across the globe , the world is facing challenging disruptions in all spheres of life and also day to day living. This is an unprecedented public health situation, but we can't slow down and have to constantly stay ahead of the curve. We are sure that you are taking good care of yourself and our children. These are trying times: Resolve and Restraint are extremely important. We don't want our children to miss out on their academics hence we are in the process of posting lessons, videos and assignments on KRM App besides On line Classes which are being conducted for classes X and XII . Please make sure that the children watch the lessons and videos under your supervision. It will create a strong bond with your child and you will be aware of what the child is watching. Let them do the assignments independently as they can do them after going through the lesson. If they require help , please guide them. Besides academics, the children need to be gainfully involved in multiple activities. Following can be done as family activities:

- Play board games
- Some art and craft work
- Exercise/ yoga
- Laundry
- Stitching buttons and hemming
- Easy/ Simple recipes

Please ensure that they stick to a regular school like schedule. -Fix their hours for studies, play and other activities like music & art. Also , please monitor their usage of the internet. As physical activity is restricted, it is very important that a healthy diet and some form of physical exercise is done indoors. We understand that our children have been abruptly cut off from their routines which are very necessary for their Health and wellness. We want to stay connected to them to give them semblance of a new normal life which is virtual as of now. We look forward to your cooperation as you all are very precious for us!

Regards
Dr. Sangeeta Arora
