Dear Parent

As you are aware the outbreak of corona virus disease (COVID-19) has been declared as a Public Health Emergency and the virus has now spread to many parts of the country. While COVID-19 continues to spread, it is important that we all must take action to prevent further transmission, reduce the impact of the outbreak and support control measures. The protection of children is particularly important.

According to UNICEF, " ...children and young people are global citizens, powerful agents of change and the next generation of caregivers, scientists, and doctors. Any crisis presents the opportunity to help them learn, cultivate compassion and increase resilience while building a safer and more caring community.
