Dear Parent

**fREADom is an adaptive mobile reading app** that helps children experience a joyful, interactive and structured in-school reading instruction program. It is age appropriate and caters to specific learning outcomes. The tools used by fREADom are personalized and engaging and it helps parents to achieve the impossible – i.e. get children to fall in love with Reading.

It is our constant endeavour at **K.R. Mangalam World School GK-II** to provide a holistic approach to cognitive and communication development of our students. In pursuit of the same, we are happy to announce that a LIVE English Workshop is now available for students of Nursery to Class VI. The aim of the workshop is to help students have a rollercoaster ride on Phonics, a magical journey in Grammar, the delectable stop at Creative Writing and many other activities.

We would request you to use the following link to help your ward attend this LIVE session by fREADom using the following link.
