Balcony Hacks NSS IIT Bombay

Dear Parent

In this era of online classes, students are less connected with nature and surroundings. As an initiative to dive into the plethora of greenery and encouraging all-round learning even during this pandemic time for students, NSS IIT BOMBAY brings a series of creativity-enhancing videos to transform their Balcony through their YouTube channel "Balcony Hacks".

By this initiative, we invite students to participate in these activities and make DIY (Do it yourself) videos decorating their balcony and inculcate essential learning from childhood only. They will learn to appreciate nature more with these engrossing activities.

Please find the attached poster here:
