SUMMER HOLIDAY HOME WORK

SESSION 2018-19

CLASS K.G

HOLIDAYS are to rejoice and connect yourself to the various learning process that involve interest, creativity and innovativeness. It means having fun, playing for longer hours with friends, going out for picnics, exploring new places and watching your favorite T.V shows.

Here are some suggestions to help your child use time constructively while enjoying.

A balance between recreation and work must not be forgotten to ensure a break that is productive as well as relaxing.

These activities can be done with adult supervision for strengthening the bond between parents and children.

So let's follow:

- ★ Motivate the child to use English as a medium to converse and teach him to use easy words like water, washroom, lunch, May I? Thank you, please etc...., start using small sentences.
- ★ Get up early in the morning and see the rising sun.
- ★ Go for nature walk.
- ★ Feel the fresh air: Take a deep breath and do breathing exercises.
- ★ Hear the birds chirping.
- ★ Water the plants and feed the birds.
- ★ Encourage your child to eat healthy food and drink lots of water during summer.
- ★ Make a routine for your child to play, revise concepts and watch T.V. (Let your child watch some entertaining T.V. shows so that he/she does not watch T.V. as a pastime).
- ★ Make sure that your child accompanies you while going to the super market, mother dairy etc. Show different vegetables and fruits and ask him/her to identify and pick up whichever they want to eat. Talk to your child about the things they see around which will help in enriching the child's vocabulary.

Make your child more independent by teaching him/her various activities like:

- ★ Buttoning and unbuttoning the shirt.
- ★ Laying the table.
- ★ Folding mats and clothes.
- ★ Arranging their toy shelf.
- ★ Learn how to wear shoes and socks.
