Oyster Visit

“Play keeps us vital and alive. It gives us an enthusiasm for life that is irreplaceable. Without it, life doesn’t taste good.”

To beat the scorching heat, the school organized an excursion to Oysters Water Park for the students in the month of May. Our enthusiastic students were all geared up for the fun trip. They enjoyed the water slides to the fullest and danced wonderfully on ‘Rain Dance floor.’ They relaxed in the lazy river on the tyre tubes and also relished the food. Their eyes were all gleaming with gaiety and it was indeed a memorable experience for the Mangalamites.
