

PARENTS' ORIENTATION PROGRAMME 2022-23

"Coming together is a beginning, keeping together is progress, working together is success."

A student's academic and all-round development is not just up to the school. The parents need to be involved at every step so as to keep track of the progress their ward is making over the academic year. While it may not be possible for them to do so every day, considering they would be busy with their own professional lives, the school offers parent orientation programs to discuss various aspects of the student's schooling.

Keeping this perspective in the mind K.R. Mangalam World School, Paschim Vihar organized an Orientation Programme 2022-23 for the Nursery and Kg parents on 25 March, 2022 with a goal to ensure that parents would be able to implement the learning process at home as well, ensuring the student doesn't lose continuity in learning. The orientation began with the welcome of the esteemed guest and speaker Mr. Kamalneet Singh along with the parents followed by the lighting of lamp, prayer - seeking the blessings of the almighty, a melodious welcome song was sung by the music teacher in her melodious voice, a foot tapping dance performance by our little Mangalites added the sparkle to the programme.

The Principal Ms. Priya Arora apprised the gathering by her heartening speech and articulated on the strong connect between the school and the parents. She introduced the faculty at Paschim Vihar including all the teachers and the Pre-Primary co - ordinator. Ms. Ramnik Kaur, the Pre-Primary coordinator briefed about the rules and regulations of the school along with the activities which would be undertaken in the year ahead. The Parents were given an insight of teaching system, achievements and activities at KRM through a PowerPoint presentation.

The speaker for the day Mr. Kamalneet Singh, an eminent and practical psychologist, gave tips on how to nurture a child with love and care to build a strong foundation. He also emphasized that each individual can unleash the potential that lies dormant within them. He sought support and suggestions from the parents to provide best education and growth opportunities to the children of the school, and shared few tips on good parenting. Moving further, he also spoke in detail about different ways of nurturing a child with love and care to build a strong foundation for a glorious future. He urged the parents 'to work with the child rather than working on the child' and be role model for their kids. The parents were satisfied and appreciated the valuable tips of the speaker. A question answer session was also there in which parents put up their concerns to the speaker and their queries were all answered.

The orientation programme proved to be a sincere effort made by the school in educating the parents to look after and guide their children in a proper manner. It also helped in evolving a common teaching strategy and helped the parents in identifying suitable follow up methods to reinforce the learning process of their children.
