## Report On Weekly Activity

Month: April

Date: 12<sup>th</sup> April 2016

Theme: Origami

This week's activity was based on using Origami sheets for subjects like Mathematics and Science. Where class II students used Origami to make parts of plants, class III did the problem solving in mathematics using operations like Addition and Subtraction. Class IV depicted the process of photosynthesis and class V made parts of plants. The aim of this activity was to develop creativity instinct amongst students.
