

TALK SHOW - DEMONETIZATION

A talk show on the trending topic 'Demonetization of Currency' was organized by the Commerce Department on 8/12/16.

Shivank Tomer , Vaastav Sardana, Navleen Kaur, Deepanshu Bhanot, Sudaksh Puri, Yashvi Bagga and Karan Vasudeva ,students of Class XI participated in it with full zeal and enthusiasm wherein the efficacy of the policy of Demonetization was debated between the panels of students. The audience to the talk was students of class X and XI who interjected wisely time to time.

The move of Demonetization, its impact on socio-economic fabric of our country, with special reference to rural and urban areas . Policy's efficacy in tackling black money, fake currency and funding of terrorism was argued upon.

The common man's aggression was reflected by means of heated arguments on long queues and deaths outside ATMs, shortage of cash in ATMs and Banks .The ill effects Cash Crunch on small business.

The talk show was concluded by the student anchor of the show with the statement that, 'intention behind the policy of Demonetization is definitely good for the economy; however its execution could have been better. The long term gains for the economy would be way more than the short term pain the country is facing.'

The talk show was a great platform for the students to sharpen their research & analysis skills, their oratory skills and sensitized them to be a great listener at the same time.
