Circular No. 2017-18/Sr./12

15 Sept., 17

Dear Parents,

We share your concerns and anxiety in the wake of recent horrifying incidents in some of the schools in NCR. No words can measure the pain, anger and anguish!

The child safety in school has always been our prime concern. We appreciate the faith, trust and responsibility reposed in the school by parents.

After a detailed review of our working, it is to re-assure the parents, that adequate security measures are in place and that we would do our best to take care of child safety in the school.

Measures have been taken to reduce physical hazards that may risk safety of children. Individuals have been assigned role of Vigilance officer, safety officer, canteen officer and play ground in-charge.

Every teacher is made aware of responsibilities as guardian angel of the child outside the family, and to carry out the same with diligence. They are particularly well-placed to observe and monitor children for signs of abuse, to recognize and respond to such abuse.

The child must not feel afraid of coming to the teacher if something is troubling him/her. Written discrete reports could also be made by putting a slip in the drop box

We also request the parents to abide by the school discipline and also to have a conversation with their child on specific aspects of safety, especially:

- ❖ Stranger safety -(specific advice to the child that he/she must report any case where a stranger tried to entice him/her with him even if he/she did not go);
- ❖ good touch–bad touch (also safe-unsafe touch)

and emphasizing how important it is for the child to report incidents that make him/her uncomfortable so that the problem is solved

We are sure that parents and the school would jointly facilitate safety of children

Regards

Mrs. Meenu Kanwar
Principal
