REIMAGINING
EDUCATION

Chairman's Message

It is both a privilege and a joy to share with you our vision for the future of education. We believe that a school should be a place where students, teachers, and parents come together as one community, united by a shared commitment to excellence.

Our vision is clear: to nurture our students into global citizens empowered with sound ethical values, wisdom, and knowledge. Education at K.R. Mangalam World School goes beyond academic achievement; it is about shaping character, instilling values, and preparing young minds to face the world with confidence, compassion, and a respect for diversity.

In alignment with this vision, our mission is to provide the highest standards of educational

excellence within an environment that inspires learning.

At K.R. Mangalam World School, we empower every student to realize their full potential, nurturing them into individuals who demonstrate integrity, think critically, and embrace inclusivity as part of their worldview. These are not just aspirations but the very foundation of our educational approach.

Our strong commitment to intellectual growth and personal development ensures that each student is equipped with the resilience, perseverance, and empathy needed to thrive in an ever-evolving world. Our dedicated staff work tirelessly to provide a well-rounded education, empowering students to grow into confident, independent, and compassionate global citizens.

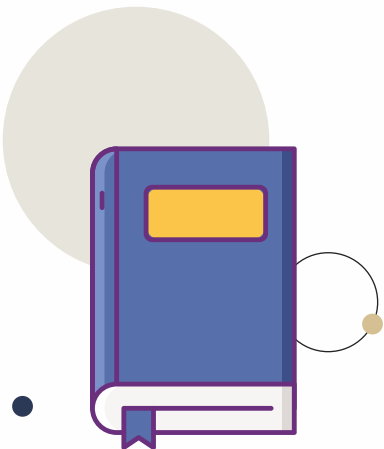

At K.R. Mangalam World School, we are not just educating students; we are nurturing the leaders of tomorrow. I invite you to join us on this journey, to witness firsthand the transformative power of a community dedicated to excellence in education.

Mr. Yashdev Gupta

KRM Legacy of Excellence

Since its inception, the K.R. Mangalam Group has built a remarkable legacy through its World Schools (CBSE), Global School (IB), and prestigious university. Our network of institutions reflects our unwavering commitment to providing diverse, high-quality education that nurtures both academic excellence and personal growth. With a strong foundation of dedicated educators and a thriving student community, our schools and university continue to empower future leaders, equipping them with the knowledge, values, and skills needed to excel in an interconnected world.

Our Learning Approach

At K.R. Mangalam World Schools, we cultivate holistic development and prepare students for future success with innovative pedagogies and signature programmes that cater to diverse learning styles and interests.

“

*Learning is experience.
Everything else is just
information.*

-Albert Einstein

”

Experiential Learning

Our core educational philosophy, Experiential Learning, or 'Learning by Doing,' engages students in various hands-on activities, such as projects in the Atal Tinkering Lab, hydroponics experiments, and the Budding Scientists Project. This approach enhances students' critical thinking, creativity, and confidence by applying knowledge in real-world contexts, preparing them for future success.

Multiple Intelligences

We tailor educational experiences to students' diverse learning styles, addressing linguistic, spatial, logical, musical, kinesthetic, and interpersonal intelligences. Activities such as vocabulary games, puzzles, phonic songs, and show-and-tell ensure that each student connects with new concepts in their own way.

Project-Based Learning (PBL)

PBL emphasises deep knowledge and essential skills such as critical thinking, collaboration, creativity, and communication. Students engage in extended projects involving research, problem-solving, and innovation, applying their learning meaningfully to real-world issues.

Personal, Social, and Physical Education (PSPE)

Our PSPE program focuses on students' holistic development through initiatives such as social experiments, group counseling, mindfulness, and the Happiness Curriculum, covering personal, social, and physical well-being. Physical activities extend beyond traditional sports to include yoga and structured play.

STEAM Education

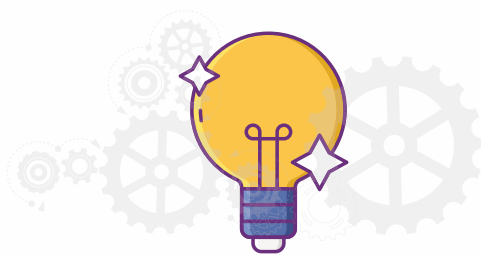

STEAM education integrates Science, Technology, Engineering, Arts, and Mathematics into a cohesive learning experience, encouraging creativity, problem-solving, and innovation. Projects such as Artificial Intelligence and Creativity, science exhibitions, and logical-mathematical challenges prepare students to excel in future careers through interdisciplinary learning.

Academic Curriculum

Our curriculum delivers a transformative educational journey from early childhood to senior secondary levels. Combining national standards with cutting-edge methods, we empower students through personalised attention from our expert educators, fostering excellence and holistic growth.

Pre-Primary Wing (Classes Nursery - I)

The Early Childhood Care and Education (ECCE) curriculum is designed to unlock each child's potential. With a 14:1 student-teacher ratio and classrooms equipped with smart boards and multimedia tools, we foster a dynamic learning environment. Engaging activities, including role play, nature walks, puzzles, clay modelling, sand and water play, music, and value-based stories, support Language and Literacy, Motor, Creative, and Cognitive Development, addressing various intelligences. Special features such as the Montessori Lab, HOLA Room, Motor Sensory Play Area, and STEM Lab further enrich the educational experience, ensuring a comprehensive and stimulating foundation.

Primary Wing (Classes II - V)

Adhering to the National Education Policy (NEP) 2020, our curriculum blends structured and flexible learning to cater to each child's needs. Emphasising hands-on, project-based learning, we develop students' linguistic, mathematical, and cognitive skills. Leadership is fostered through the Primary Wing Student Council, and students participate in various competitions, excursions, and international trips. A third language option in Grade V—German, French, or Sanskrit—broadens their horizons.

Middle Wing (Classes VI - VIII)

Students navigate early adolescence with a mix of Scholastic and Co-Scholastic modules. The NEP 2020-aligned curriculum emphasises critical thinking and in-depth knowledge, supported by technology. Our activity-based approach promotes cognitive, social, ethical, and emotional growth. Educational trips, both domestic and international, enhance learning through exploration. A diverse range of co-curricular activities, including clubs, sports, arts, and robotics, complements hands-on experiments, collaborative projects, and Olympiads. Opportunities for global exchange programmes further enrich students' perspectives.

Senior Wing (Classes IX - XII)

The Senior Wing offers a pragmatic approach aligned with CBSE and Competency-Based Education (CBE) guidelines. Students engage in abstract, open-ended assignments and assessments designed to evaluate higher-order skills and prepare for board exams and competitive tests. The curriculum also includes excursions and student exchange programmes to deepen understanding and foster independence. Robust career guidance, internships, and alumni support ensure readiness for future success.

Extracurricular Excellence

At K.R. Mangalam World Schools, we enrich students' lives with a diverse range of activities that complement their academic journey and foster holistic development.

Arts and Creative Expression

Our Arts curriculum encompasses **Visual Arts, Performing Arts, and Dramatics**. In Visual Arts, students unleash their creativity in our dedicated Art and Pottery Studios. The Performing Arts programme provides training in Indian and Western dance, vocal music, and a variety of instruments. In Dramatics, students have the opportunity to showcase their theatrical talents throughout the year.

Global Exposure and Experiential Learning

K.R. Mangalam World Schools provide exceptional global exposure through physical and virtual exchange programmes with schools worldwide. Our students actively participate in international events and competitions, and we proudly hold the International Dimension in Schools accreditation from the British Council for three consecutive terms. Alongside international excursions, students also enjoy local field trips and broader excursion trips across India, enriching their educational journey and cultural experiences.

Clubs & Societies

Our diverse Clubs & Societies programme sparks creativity, leadership, and innovation. Students lead environmental efforts through The Climate Action Club and Eco Warriors, while artistic passions thrive in Art, Music, Dance, Photography, and Dramatics Clubs. Tech enthusiasts dive into Coding, Robotics, and Mathematics Clubs. Social responsibility is nurtured in Compassionate Citizen, Disaster Management, and Legal Literacy Clubs. Heritage, Literary, and Food Clubs enrich cultural and intellectual growth. The Debate Society hones critical thinking, and our Nutrition & Food Safety programmes, Fitness & Yoga, Self-Defence, and Mental Health Workshops promote holistic development.

Events, Exhibitions, & Celebrations

Our school calendar is filled with workshops, talk shows, exhibitions, annual presentations, and festival celebrations. These events provide students with opportunities to showcase their talents, collaborate with peers, and engage with industry experts. Student-led initiatives, community involvement, and family engagement are integral to our programme. We also celebrate student achievements, highlighting their contributions and successes. Through these enriching activities, students experience a holistic education that extends beyond the classroom.

Sports Excellence

Our comprehensive Sports programme promotes both physical fitness and mental well-being through a broad spectrum of activities. Students engage in team sports like football, basketball, cricket, volleyball, handball, and hockey, which build teamwork and leadership skills. They also excel in individual sports including lawn tennis, badminton, shooting, table tennis, chess, skating, and gymnastics. Our diverse offerings extend to yoga, taekwondo, and foosball, ensuring a holistic approach to fitness. Our curriculum is designed to instil discipline, perseverance, and a lifelong love for health and wellness.

Infrastructure & Facilities

At K.R. Mangalam World Schools, our state-of-the-art infrastructure provides a safe, comfortable, and stimulating learning environment. With smart classrooms, well-stocked libraries, dedicated nursing rooms, and vibrant cafeterias, students have access to all essential amenities. The campus boasts cutting-edge sports facilities, modern science and computer labs, spacious play areas, and ample parking space.

Safety & Security

At K.R. Mangalam World Schools, safety and security are our top priorities. Our campuses feature extensive surveillance systems, managed by a trained security team and a robust visitor management system. GPS-enabled buses, with a teacher or female attendant, ensure safe student commutes. Regular safety audits, emergency drills, and workshops keep our community prepared for any situation. Additionally, counselling sessions and mental health support foster a secure and supportive campus environment.

Parent Engagement

We believe that parents are key partners in their child's development. Beyond regular Parent-Teacher Meetings (PTMs), parents actively participate in various school events, bringing their diverse experiences to enrich our programmes. This strong partnership between parents and the school fosters a collaborative environment that supports the holistic growth of every child.

"The commitment to excellence at K.R. Mangalam World School is clear. My child has blossomed not just academically, but also in sports and the arts, discovering new passions along the way."

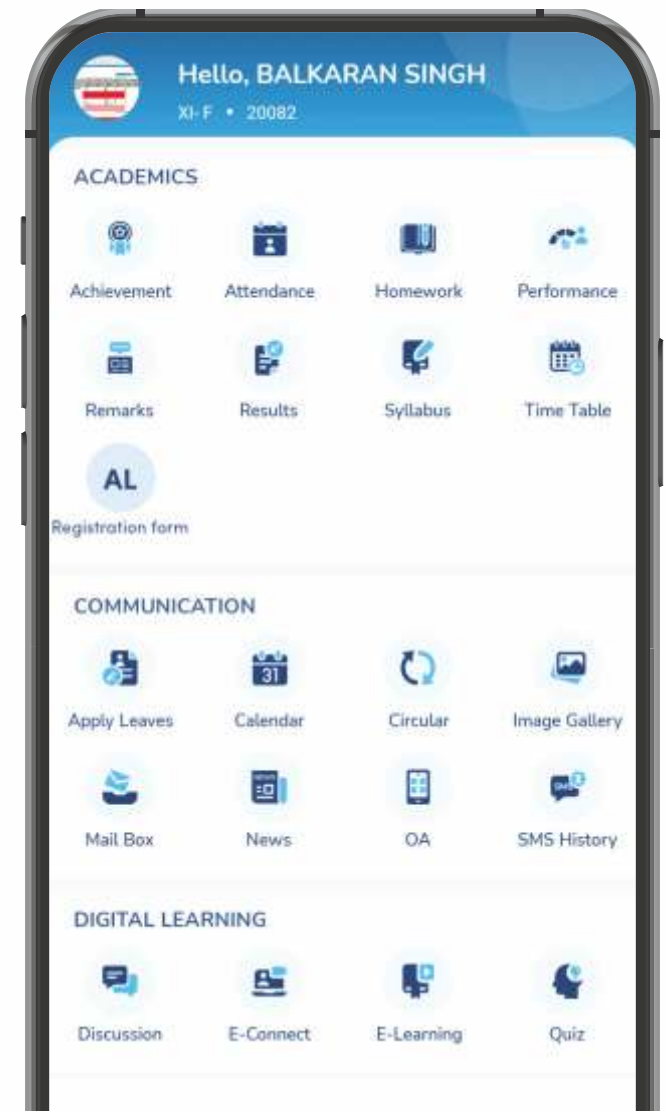

-Rajesh Mehta, Parent

"Since joining K.R. Mangalam World School, my child has become so much more confident. She has taken up painting and joined the debate team, thriving socially and creatively."

-Anjali Verma, Parent

Edunext App

Our dedicated Edunext app ensures seamless communication between school and home. It provides parents with real-time updates on their child's progress, upcoming school events, and important notifications, strengthening the connection and engagement with the school.

Admission Criteria

To apply for admission to K.R. Mangalam World School, please complete our online application form. A dedicated admissions counsellor will contact you within 24 hours to schedule an Interaction/Assessment round tailored to the class you've applied for. Upon successful completion of the Interaction/Assessment round, you will be invited to proceed with the enrollment process, which involves submitting the necessary documents and fees. We look forward to welcoming you to our school!

For admission, the following documents are required:

Medical history form (provided by the school), duly filled, stamped, and signed by a doctor

Birth certificate of the child (photocopy)

Aadhaar card of both parents and the child (photocopy)

Address proof (photocopy)

Immunisation card of the child (photocopy)

Original Transfer Certificate (TC) for admission from Class 1 onwards

Four passport-sized photographs of the child

Two passport-sized photographs of each parent

One passport-sized photograph of the guardian (if applicable)

Nursery, LKG, UKG	Age & Interaction
Classes I-IX	Merit and Interaction
Class XI	Written Test and Interaction
